A dependent child may be the natural child, stepchild, legally adopted child, child placed for adoption, or other child for whom the associate has permanent legal custody.

When and How Do I Enroll?

As an In-house Associate you are required to go through an "active enrollment" process to either decline or enroll in Prime's benefit offerings. This active enrollment will ensure that all associates are aware of the benefits offered by Prime including insurance offerings that come with guarantee issue clause for new associates only. During this process, we also ask that you confirm that you understand the following statement: "Due to the Affordable Care Act it is important to know that we offer you a qualified, affordable plan that satisfies both the individual mandate and employer mandate."

There are **two** options to enroll:

Option 1: MyPrime Self-Service Benefits Portal

Go to MyPRIME in the Associates Portal in Sharepoint. This will auto log you in to your benefits portal. If you are not on a Prime computer you can log on to www.MyPrimeinc.com using your Prime User ID and Network Password. (If you do not know your user name or password you can call the helpdesk 24/7 at (417) 521-3148.

Option 2: Speak with a Benefits Educator through the

Enrollment Call Center. You can call 1-877-859-6107 to speak with a representative from 7 a.m. – 4:30 p.m. CST M-F. If you prefer to make an appointment with the representative on a time that works best for you, please go to www.primeincbenefits.com.

When is My Coverage Effective?

Your Core Benefits (medical, dental, vision, HSA, dependent care and basic life) will be effective the Saturday following your 30th day at Prime. All other benefits (supplemental life, permanent life, accident and critical illness) will be effective the 1st of the month following 30 days of employment.

Changing Coverage During the Year

You can change your coverage during the year when you experience a qualified change in status, such as marriage, divorce, birth, adoption, or loss of coverage. The change must be reported to the Human Resource Department within 30 days of the event. The change must be consistent with the event. For example, if your dependent child no longer meets eligibility requirements, you can drop coverage only for that dependent.

Vacation Policy

Vacation will accrue at a rate of a 1/2 day per month for the first 10 months of employment with Prime. After the first anniversary is reached, vacation will be applied annually at anniversary date as follows:

- 1 week after 1 year
- 2 weeks after 3 years

- Option 2: High PPO Plan
- Option 3: POS Plan (only available to In-House Springfield, MO associates)
- Option 4: High Deductible Health Plan (HDHP) with Health Savings Account

High Deductible Health Plan with Health Savings Account

If you choose to enroll in the HDHP medical plan offering below, you are eligible to establish an HSA account with Bank of America. The funds contributed to an account are not subject to federal income tax at the time of deposit and withdrawals from the account to pay qualified medical expenses, including dental and vision, are federal tax exempt. Money left in the savings account may earn interest and is yours to keep. Unlike a health flexible spending arrangement (FSA), HSA funds may roll over and accumulate year to year if not spent. The HSA is owned by the participant and is fully portable. Prime will make a contribution to your account based upon your HDHP medical plan coverage tier. Prime's 2017 weekly contribution: \$11.54/week for new enrollees or \$600 annual for associate and \$19.23/week \$1,000 annual for family. For re-enrollees the contribution is \$5.77/week or \$300 annual for associate only coverage and \$9.62/week or \$500 annual for family.

Dependent Care FSA

What is dependent care all about:

The Dependent Care Flexible Spending Account (FSA) plan allows you to set aside pre-tax dollars to cover qualified childcare or disabled dependent care expenses you would normally pay out of your pocket with post-tax dollars. You pay no federal or state income taxes on the money you place in a Dependent Care FSA.

How a Dependent Care FSA works:

- Choose a specific amount of pre-tax money to contribute each pay period to your account during the year.
- The amount is automatically deducted from your pay at the same level each pay period.
- As you incur eligible expenses, submit the appropriate paperwork to be reimbursed by the plan.

Important rules to keep in mind:

- The IRS has a strict “use it or lose it” rule. If you do not use the full amount in your Dependent Care FSA, you will lose any remaining funds.
- You may still use any remaining Dependent Care FSA funds for the first two and a half months of your next plan year.
- Once you enroll in the Dependent Care FSA, you cannot change your contribution amount during the year unless you experience a qualifying life event.
- You cannot transfer funds from one Dependent Care FSA to another.

Please plan your Dependent Care FSA contributions carefully, as any funds not used by the end of the year will be forfeited. Re-enrollment is required each year.

Universal Life (Permanent Life Insurance)

Life insurance is a promise to your family to help protect their future. Trustmark Universal LifeEvents® insurance is permanent life insurance that provides a death benefit for your family if something happens to you or your spouse. It:

- Helps provide permanent financial protection
- Is a financial tool that helps you manage life at every stage – from supporting a family to sending your children to college to the need for long-term care
- Builds cash value over time that you can access for life's challenges and opportunities

Benefits can be paid as a Death Benefit, Living Benefit or a combination of both.

Your coverage is fully portable at the same rate, so you can take it with you if you change jobs or retire. This plan offers family coverage. You may protect your spouse, children up to age 23, and grandchildren up to age 18, with Universal Life insurance even if you choose not to participate.

Guarantee Issue (No health questions asked):

New Hires/Newly Eligible (First time being offered coverage)

- Associate: The lesser of \$16 per week or \$200,000 (age 64 max)

Non Participants (If you did not elect coverage at your first opportunity)

- Associate: The lesser of \$8 per week or \$200,000 (age 64 max)

The LifeEvents Advantage:

LifeEvents is designed to match your needs throughout your lifetime. It pays a higher death benefit during working years when expenses are high and your family needs maximum protection. Then, at age 70 when financial needs are typically lower, the death benefit reduces to one-third. Consistent Level of Living benefits throughout retirement are provided when you are most likely to need long-term care services.

Living Benefits

Long-Term Care Benefit (LTC)² pays a monthly benefit equal to that of your death benefit for up to 25 months. The LTC benefit accelerates the death benefit and proportionately reduces it.

Benefit Restoration³

Restores the death benefit¹ that is reduced to pay for LTC, so your family receives the full death benefit amount when they need it most.

Optional benefits available to each individual associate for additional premium:

- Waiver of Premium: This benefit covers total disability of the primary insured and waives the premium for the base coverage and riders after the six (6) month elimination period.

1 Death benefit reduces to one-third at the latter of age 70 or the 15th policy anniversary.

2 The LTC Benefit is an acceleration of the death benefit and is not Long-Term Care Insurance. It begins to pay after 90 days of confinement or services, and to qualify you must meet conditions of eligibility for benefit. Pre-existing condition limitation may apply. Living Benefit may not be available in all states or may be named differently. Please consult your policy for complete details.

3 Not available in all states or may be named differently in some states.
